

Congress in New Session, to Test JFK

WASHINGTON (AP)—Congress got its new session formally underway today with completion of routine organizational duties.

But the real kickoff for an election-year session which could bring heated contests on half a dozen big legislative issues will come when President Kennedy addresses a joint meet Thursday.

In his State of the Union message, Kennedy will lay down, at least in broad outline, what he hopes to get from this second session of the 87th Congress. Battle lines will form immediately.

For the first time at any mid-term meeting since 1940, the House gathered today without a speaker. Texan Sam Rayburn, who had ruled it in so many years of Democratic control, died in November.

So it fell to the House clerk, Ralph Roberts, to bang the gavel that called the House into session and to preside pending the formal election of John W. McCormack of Massachusetts, who was Democratic floor leader under Rayburn, to succeed the Texan as speaker.

House Democrats caucused Tuesday and chose Rep. Carl Albert of Oklahoma as their floor leader in succession to McCormack.

McCormack had no party opposition for speaker and it appeared for a time that the Republicans would not even go through the gesture of putting up a candidate of their own.

In a morning caucus, the Republicans decided to do what the minority party nearly always does and offer their floor leader, Rep. Charles A. Halleck of Indiana, to the House for the speakership.

Senate Republicans in their caucus chose Sen. Bourke B. Hickenlooper of Iowa as chairman of the Senate Republican Policy Committee. Hickenlooper won 21-14 over Sen. Leverett Saltonstall of Massachusetts. He succeeds the late Sen. Styles Bridges of New Hampshire.

Senate Democrats had no key jobs to fill, but held a caucus and listened to a pep talk from their floor leader, Sen. Mike Mansfield of Montana.

Mansfield forecast that this session would find "the climate for progressive legislation is good" and that the President would offer "a sound program for America."

Outside the halls of Congress, the climate of the moment was cold and snowy. The snow and 17-degree cold seemed to have kept many Congress members from attending an 8 a.m. communion service held annually at the National Presbyterian Church on the opening day of Congress to ask divine guidance for the legislators.

The church auditorium was less than one-third filled. By comparison, it was filled last year when former President Dwight D. Eisenhower, a member of the church, was one of the communicants. President Kennedy is a member of the Roman Catholic Church.

The weather held back too the Continued on Page Two

T. J. Prather, 84, Dies Wednesday

Tom J. Prather, aged 84, a lifelong resident of Hempstead, died early Wednesday in a local hospital. He was a member of the Baptist Church.

Survivors include a sister, Mrs. Pearl Watson of Hope and a brother, Louis Prather also of Hope. Funeral services will be held at 2 p.m. Thursday at Hempstead-Cornelius Chapel. Burial will be in Rose Hill Cemetery here.

Weather

Total precipitation during December 6.90 inches; during the year, 58.09 inches; Total rainfall during the previous year, 50.93 inches.

Experiment Station report for 24-hours ending at 8 a. m. Wednesday, High 23, Low -3; Snow 7 inches.

Arkansas Regional Forecast

By THE ASSOCIATED PRESS
Central Arkansas: Clear and continued cold this afternoon to night and Thursday. Friday clear to partly cloudy and cold. High this afternoon 10-15. Low tonight zero to 5 below zero. High Thursday in mid teens.
Northeast and Northwest Arkansas: Fair and continued very cold Continued on Page Two

Wins Right for Late Night Feast

ROCHFORD England (AP)—Ronald Meacham, 28, has won legal sanction for a late night feast to celebrate the birth of quadruplets to his wife.

Meacham wants his wife to go on at the Woodcutters Arms, the local saloon. The magistrates granted a 75-minute extension on the normal closing time.

The barbers Thursday night will feature a sole pig, three dozen chickens and a quantity of hams. Mrs. Meacham and the week old quads — Christopher, Yana, Lucille and Edward — are still in the hospital.

Alternate Flood Plan Approved

LITTLE ROCK (AP)—The federal Soil Conservation Service has approved an alternate to the plan designed by Army Engineers to prevent flooding at Harrison and the Upper Crooked Creek watershed.

State SCS Director William B. Davey said in a letter to Noah Dearing, chairman of the Boone County Soil Conservation District, that construction of a dam would be about \$3 million, including the cost of an additional storage area in one of the reservoirs for a water supply, he said.

Army engineers' Southwestern dams would be feasible. Cost division at Dallas previously had recommended building one large dam at a cost of \$10,165,000. The dam also would provide a water supply and recreation for the Harrison area.

The plans agreed that a flood-wall and levy should be built along the Crooked and Dry Jordan Creeks to provide further protection from flood damage. The Engineer's, however, estimated the cost of the project at \$800,000, while the SCS suggestion would cost an estimated \$3,520,000.

The Harrison City Council has endorsed the Engineer's plan, but agricultural interests mainly prefer the smaller dams.

Davey said the Boone County Soil Conservation District was opposed to a large dam because it would flood a large area of rich bottomland and would not provide flood protection for the watershed upstream from Harrison.

Davey said both plans probably would be submitted to Congress.

Tom Ed Hays New Cashier 1st National

At the annual board meeting here directors of First National Bank elected Thomas Hays Jr., Dallas, as cashier and a member of the board. Mr. Hays, currently employed at a Dallas Bank will join the local firm on Feb. 1.

Other additions to the board were James H. Pilkinton and John B. Gardner Jr.

Officers are Lloyd Spencer, president; W. Kendall Lemley, vice president; Syd McMath, executive vice president; Thomas E. Hays, vice president; Cecil J. O'Steen and Genie Chamberlain assistant cashiers.

Other directors besides officers are Guy E. Basye, Herbert Burns Jr., P. Duffie, Vincent W. Foster, W. H. Gunter Jr., E. M. McWilliams, Earl O'Neal and E. P. Stewart.

Park Film Shown at Kiwanis Meet

A film slide of last year's activities of the Parks and Recreation Commission was shown to Hope Kiwanis Club yesterday by Charles Gough, director, which included nearly all phases of the year around program.

Dr. Jim McKenzie took over as president of the club and introduced Attorney James Pilkinton as a new member.

Army Buildup Is Termed Successful

FT. RILEY, Kan. (AP)—Secretary of the Army Elvis J. Stahr Jr. says the military buildup in July has accomplished a degree of readiness unsurpassed in American peacetime history—"a bloodless effort to win a war that must never come."

Stahr reviewed the buildup Tuesday night at a dinner sponsored by the central Kansas chapter of the Association of the U.S. Army.

"Should we succeed in our effort to preserve freedom without war," he said, "it will be because the enemies of freedom can see that our intention to stand firm is backed by the military ability to do so."

Measuring Snow in Sunny South

THREE LOCAL LADIES MEASURED THE snow late Tuesday — the hard way — in bathing suits. Braving subfreezing temperatures Diane Ellis measured the snow at seven inches while Jennifer Cox, left, and Jan Ellis, right, hold a banner telling the date of one of the biggest snows on record here. During the night the temperature dropped to -3, the lowest since February 2, 1951 when it was a -4 degrees.

MASSIVE JAM — HUNDREDS OF CARS, many of them abandoned, create a massive traffic jam at one of the main traffic exchanges in downtown Dallas, Tex. The weather bureau has issued a heavy snow warning of up to five inches for north central and northeastern Texas. Many motorists were four hours late arriving for work. — NEA Telephoto

IMPORTED — PARKING LOT ATTENDANTS IN LITTLE Rock, Ark., use "imported" snow shovels to clear the sidewalks around the lot. The shovels, scarce in Little Rock, were purchased in Detroit, Mich. Arkansas has had up to eight inches of snow. — NEA Telephoto

AP&L to Extend Power Lines

LITTLE ROCK (AP)—Arkansas Power and Light Company asked the Arkansas Public Service Commission today for permission to construct a 13.8 kilovolt power line across the St. Francis River near Madison, Ark., in St. Francis County.

Estimated cost of the project was \$4,700.

AP&L said the construction already had been approved by the U.S. Corps of Engineers.

New Directors

NEW YORK (AP)—Hugh B. Patterson, publisher of the Arkansas Gazette, Little Rock, was among six new directors appointed Tuesday for the Foreign Policy Association World Affairs Center. Emilie Sobry, a director of Standard Oil of New Jersey, was named board chairman.

Sales Are Slowed

LITTLE ROCK (AP)—Only skeleton crews were expected at some state agencies today because of the weather but the state Revenue Department said it would be open to sell passenger car licenses.

Russia to Let Passengers Leave

By STANLEY JOHNSON

MOSCOW (AP)—A special Soviet airliner today brought to Moscow the 18 passengers of a Belgian airliner forced down in Kuchin, Lehman, Bud Collier, the Soviet Union Monday. They are expected to fly to Brussels, Belgium, Thursday.

The group was met by diplomatic representatives of Belgium, Iran, Britain, the United States and West Germany. The passengers made the trip to Moscow in a Soviet turboprop.

By STANLEY JOHNSON

MOSCOW (AP)—A special Soviet airliner took off today to pick up 18 passengers and 4 crew members of a big Belgian plane that strayed deep into Soviet territory. They were to be brought to Moscow.

The Belgian plane, a Sabena jet airliner which was en route from Tehran to Istanbul when it landed in the Soviet Union Monday, also was released by Soviet authorities. But a Belgian Embassy spokesman said mechanical trouble was delaying the twin-jet Caravelle's takeoff from the southern oil city of Grozny.

In Brussels Sabena announced the 18 passengers and 4 crew members would be flown to Brussels Thursday on the regular Sabena Aeroflot plane. The four other crew members will fly out the Caravelle "as soon as Soviet authorities will allow it," Sabena said. The count of 18 passengers was a revision by the Belgian line, which originally had reported one more.

Belgian Ambassador Hippolyte Coels flew to Grozny aboard the Soviet plane to escort the passengers to Moscow.

The Russians protested that the plane had violated Soviet air space, but Coels stated any violation was accidental.

Mercury Dips to 3 Below Zero, Roads Covered With Snow

Snow Up to 24 Inches Covers Wide Sections

By THE ASSOCIATED PRESS

A mass of bitter cold weather held wide sections of the country in an unyielding grip today.

In some sections, the cold weather was accompanied by heavy snow—up to 24 inches in a continuous fall.

Hundreds of schools were forced to close because of the weather. The drain on over-taxed heating facilities—mostly by natural gas—was astronomical.

Scores of deaths were attributed to the weather. Some of the deaths were caused by over-exertion and others in traffic accidents resulting from icy, snow covered surfaces.

Only few areas of the country were outside the freezing cold. These included the extreme western portions of Oregon and Washington, most of California, southern sections of Nevada and Arizona, sections of Georgia and the Carolinas and Florida.

Elsewhere temperatures ranged from freezing, or 32 degrees, to -42 at Drummond, Mont., early today.

The Midwest was by far the widest area in the grip of the bitter cold, the worst of the new year.

Chicago's -11 degrees at 2 a.m. was the lowest reading for the date in 74 years when -10 was recorded. Dailhart, Tex., had -2, Cincinnati -3, Louisville -1 and St. Louis -6.

It was the second day of sub-zero cold for the Midwest. Most of the area was already covered by snow ranging up to 30 inches in Michigan. New snow Monday and Tuesday added to the difficulties of transportation and utility services.

In Nebraska, a natural gas company asked that gas be conserved Continued on Page Two

Hospital Land Price \$211,925

LITTLE ROCK (AP)—A minimum price of \$211,925 has been asked for 1,624 acres of State Hospital land near Benton put up for sale Tuesday by the state Purchasing Department.

Purchasing Agent Mac Sturges said the price was set by state appraisers, and was exclusive of railroad and highway right across the property.

Bids will be opened at 10 a.m. Feb. 12.

Sturges said there still were no bidders on the State Hospital's Bacon Farm property near North Little Rock. The land went up for sale last month.

Offers Plan to Put Some to Work

WASHINGTON (AP)—The Kennedy administration has revealed details of a new welfare program described as an effort to get needy families off relief rolls and onto payrolls.

Pressing for quick congressional action on the program, Secretary of Welfare Abraham A. Ribicoff met quietly Monday with the two Senate and House leaders who will handle the legislation. He received general assurances of support.

The new legislation would supplement administrative changes that Ribicoff previously said he was making in assistance programs.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, which must originate the welfare legislation, reportedly told the secretary his group would start work on it early, probably in February.

Chairman Harry F. Byrd, D-Va., of the Senate Finance Committee, in whose office the meeting was held, was understood to have said the changes in the public assistance laws appeared acceptable.

Citizens Names Same Directors

At a meeting of its Board of Directors yesterday the same board was re-elected by Citizens National Bank.

O. A. Graves is chairman of the board; R. M. LaGrone Jr. is president; Albert Graves, vice president; N. T. Jewell, vice president; Dale Jones, vice president and cashier; Olin Lewis, assistant cashier; Raymond F. Jones, assistant cashier.

Directors besides officers are Freddie R. Greenan, Henry Hays, Frank McLarty, Jewel V. Moore Jr., George W. Peck and George W. Robinson.

Seven Inches of Snow Here, Schools Closed

The mercury dropped to an official three degrees below zero last night after a snowstorm had dumped seven inches of snow in this section.

All roads are hazardous and all schools were closed for the second day in a row.

The temperature never got higher than 23 degrees yesterday and was 13 at 6 p.m. Tuesday. A brilliant sun did bring a slight thaw during Wednesday but the temperatures were scheduled to dip low again tonight.

Many business houses closed early Tuesday but practically all were open today. But the public remained indoors, thus business was virtually at a standstill.

Suppl. James H. Jones announced shortly before noon that all Hope schools will be closed on Thursday and possibly Friday, depending on conditions tomorrow. Exams have been delayed a week to Jan. 22-27. Time missed will be made up at the end of the school year.

City Police reported no major accidents although many autos slipped and skidded into deep snow and stalled. Service station operators were kept busy all day yesterday and today, going out and starting stalled cars.

Arkansas State Police reported no major accidents in the area although all highways are covered with snow and ice and are extremely hazardous. No highways were closed but travel was discouraged.

Two local gas companies were having their troubles too. Louisiana Nevada Transit Co. reported very low pressure in the Fulton area about 9 a.m. Wednesday but it wasn't a break and a spokesman said they hoped to have pressure back up soon. Arkansas Louisiana Gas Co. was also having trouble with low pressure in some Continued on Page Two

Merchants Meet, Plan Promotion

Hope Retail Promotion Association held its first meeting of the year Tuesday morning with incoming chairman, Bill Gunter, presiding.

Members present were Bill Caldwell, Olen Overturn, Emilie Sobry, James Howell, Bud Collier, Ralph Lehman, Jim Neal, Mike Kelly, Ed Baker, Bob Jones, Heskell Jones and Donald Parker.

The annual city-wide promotion, "George Washington's Birthday," was discussed and all Hope retail merchants are invited and urged to participate.

An extensive membership drive will get underway before the next meeting of Feb. 6.

Hope to Host Weekend Jr. Band Clinic

Hope will be host to a Junior Band Clinic this Friday and Saturday, Jan. 12 and 13.

Jon Barbarotto, director of Hope Junior High and Senior High Bands, announced. He said 23 towns in the Southwest District of Arkansas will send the 297 students who became eligible for the clinic at tryouts held in Hope this past weekend.

The group will be divided into three bands with Miss Thelma Wallick, Pine Bluff Junior High Band Director, in charge of the first band. Directing the second band will be Bill Shaver, the Ft. Smith Senior High Band Director and the baton of the third band will be held by Bob Jordan, director of the North Heights Junior High Band in Texarkana.

Rehearsals will begin Friday at 7 p.m. with a party for all participants to follow in the old gym at Hope High. These rehearsals will resume Saturday at 8:30 a.m. and continue the remainder of the day.

The clinic will be climaxed on Saturday night when all three bands will be heard in concerts at HHS beginning at 7:30 p.m. The third band will perform two numbers as will the second band. The first band will be heard in four selections. District Chairman Bob Jordan will MC the Saturday night concert. There will be no admission charged and the public is invited.

All Around Town

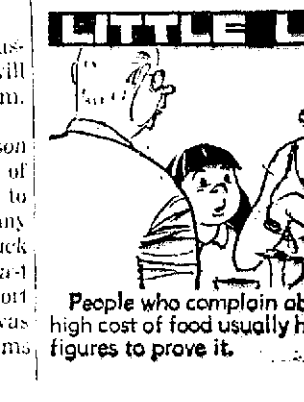

By The Star Staff

Three below zero is cold but it isn't a record for Hope and Hempstead and fortunately the calls went through fairly well. "Severe records are spotty but sometime body was real nice and seemed to be in a good humor," Mrs. Maryman said, "nobody was in the hospital and I would like to commend the public for such understanding." she said.

A bird lover reminds everyone not to forget to put out feed for birds as long as the snow stays on the ground. "They need the feed and can't dig under the snow for it."

Carter Sutton, Hempstead assessor, reminds he definitely will seek the office for a second term.

Army Pvt. Dale E. Brown, son of Mr. and Mrs. Earl Brown of Hope, recently was assigned to the 61st Transportation Company at Fort Eustis, Va. . . . a truck driver, he entered the Army last August and was stationed at Fort Leonard Wood, Mo. . . . he was employed by Southland Farms before entering the Army.

People who complain about the high cost of food usually have the figures to prove it.

DRIVE COMPLETED — FATIGUE LINES the face of Don Hight, left, of Murdo, S. D., after he completed an old west cattle drive from his ranch to Winner, S. D. Hight risked the herd's stamina against a bitter South Dakota winter to save \$2,000 in trucking costs. He expects the herd, numbering 1,800, to bring him \$360,000. — NEA Telephoto

Snow Up to 24

Continued From Page One

for home heating and school superintendents in more than 20 areas responded by closing schools. The company said the cold and high winds had brought the greatest demand for heating gas in company records.

Heavy snow and continued bitter cold forced the closing of schools in Michigan from the Mackinac Bridge to the Indiana line.

Secondary roads remained snow packed in Indiana and principal roads ice covered. Temperatures in the northern portion were mostly subzero.

In Missouri and Kansas, snow fell in scattered sections, in many areas driven by 40-mile winds. Drifting posed a serious problem and readings hit -8 in both states.

The extreme cold also forced closings of schools in Iowa and high winds drifted snow on scores of roads. Temperatures dropped to low in the state, school buses with winter equipment found it too cold to operate.

Colorado school officials estimated that less than one-fourth of the state's 450,000 elementary school children attended classes Tuesday. Estes Park had the state's lowest reading, -34.

In western New York State Tuesday, highway crews fought to clear roads blocked by a snowfall that reached a depth of two feet in places. In some areas, drifts up to four feet were reported. Some schools were closed and travel disrupted.

Western Pennsylvania got a little snow, but temperatures ranged around the zero mark.

A wide section of the South was under snow, that ranged up to 8 inches in depth. The snow forced closing of roads 100 miles from the Gulf Coast in Alabama and in Mississippi, northern Georgia, the Carolinas and Tennessee.

Schools in many counties were ordered closed and in Mississippi a state holiday was declared because of the inclement weather. A wild blizzard driven by winds of 32 miles an hour pushed into the Texas Panhandle, bringing a serious threat to vegetable and citrus growers in the lower Rio Grande Valley.

In Northern California, an unseasonable warm spell produced a reading of 73 degrees in San Francisco.

Harry Lee, father of Robert E. Lee, was the man who described George Washington as "first in war, first in peace, and first in the hearts of his countrymen."

Seven Inches of Weather

Continued From Page One

areas and the gas was completely cut off at times but was relieved quickly restored. Water in the north section of Hope was cut off as a main broke. Repairs were made during the afternoon.

Southwestern Bell Telephone Co. was having line trouble in some areas but nothing outstanding in this section. A record number of calls went through the local exchange yesterday, a total of 3,425.

Herbert Stephens, owner and manager of Stephens Grocery Co. slipped on ice Tuesday afternoon and suffered a broken hip. He was taken to a Texarkana hospital Wednesday morning for special treatment.

By THE ASSOCIATED PRESS

Snow cleared over Arkansas today as the state dug out from a blanket of snow and tried to warm up after the coldest weather in 11 years.

The U.S. Weather Bureau said the current cold wave would be even more severe tonight but business and traffic returned slowly to normal with cessation of the snow.

Lowest reading reported directly to the Weather Bureau early today was five degrees below zero at Harrison and Gilbert.

However, a nine below was reported from the Agricultural Experiment Station at Nashville, and a five below at Malvern also.

The forecast was for five to 10 below zero tonight in the north and around zero in the south.

Schools which closed Tuesday in nearly all areas remained generally shut today, and officials deferred announcement of reopening plans.

Air flights which were cancelled by the snow Monday night and Tuesday—up to nine inches in spots—were being restored.

Airlines hoped to have flights operating normally by late today or Thursday.

At Little Rock, however, American Airlines didn't immediately resume its flights because of the snow-covered runways.

Flights involving other types of planes were being resumed by American and other lines operating into the state's largest commercial airfield.

Bus lines, which cancelled or drastically curtailed service Tuesday, put their runs back on.

The State Highway Department said no roads were closed and that in the north, where the snow was lighter, the highways were generally clear and dry.

However, there are still slick spots, the department warned.

The Weather Bureau said the cold wave which struck Tuesday and Tuesday night in wake of the diminishing snow sent temperatures to their lowest since early February, 1951.

On Feb. 2, 1951, the temperature dropped to 24 below zero at Mammoth Spring. At Little Rock, for which the most complete records are kept, the temperature then was five below zero compared to an even zero early today.

A bright sun shone over much of the state today but with the temperatures hovering around zero it didn't cause any immediate melting.

The temperature hadn't risen to as much as five degrees above zero at any of the Weather Bureau's periodic reporting stations.

And at Harrison and Fayetteville readings were still below zero—three below at the former and one below at the latter.

To add to the troubles of motorists, many whom couldn't start their cars or had them stranded with the advent of the snow and cold, garagemen reported an epidemic of cracked motor blocks and frozen radiators because of insufficient anti-freeze.

This was especially true in the south part of the state, where winter temperatures generally don't drop below 12 to 15.

The temperature fell to zero at El Dorado and Warren, to minus one at De Queen and to one above at Texarkana.

Many smaller ponds and streams froze over, inviting holiday school children to try ice skating or just plain sliding.

The Weather Bureau said it hadn't received any reports of

this afternoon, tonight and Thursday. High this afternoon 5-10. Low tonight 5 below to 10 below zero. High Thursday 12-16. Friday fair and not so cold in the afternoon.

Southeast and Southwest Arkansas: Fair and continued very cold this afternoon, tonight and Thursday. High this afternoon 10-18. Low tonight near zero to 5 below zero. High Thursday 15-20. Friday fair and not so cold in the afternoon.

ARKANSAS—Fair and continued very cold this afternoon, tonight and Thursday. High this afternoon 5-10 north portion and 10-18 elsewhere. Low tonight 5 to 10 below north portion to around zero south. High Thursday afternoon 12 north portion to near 20 south portion.

LOUISIANA—Hard freeze and hazardous driving warning. Hard freeze and hazardous driving conditions continuing through Thursday. Very cold with low of zero to 10 interior and 10 to 20 along the coast tonight. High Thursday near 30.

The first oil discovered in Arkansas was found about three miles east of Stephens in Ouachita County, in April 1920.

rivers or larger creeks being frozen, but added there might be some.

Sources at Nashville in the midst of a peach growing district said they feared the cold and snow might damage peach trees.

A spokesman for the U. S. Agricultural Department at Little Rock agreed there might be some damage to trees themselves, but said he didn't believe buds would be hurt in the absence of any unseasonably warm weather in advance of the freeze.

Dr. K. W. Scott, associate professor of animal industry at the University of Arkansas, said he had been unable to find any loss of either poultry or livestock and didn't believe there would be any appreciable amount.

He said high winds or very deep snow or both generally were necessary to cause loss of adult stock.

As for poultry, only serious danger would be a power failure depriving a brooder house of necessary heat, he said.

Arkansas Power and Light Co., reported that its system was in excellent shape, except for a few routine failures. Service disruptions were reported in Morrilton, Hughes and the Harrison area.

Southwestern Bell Telephone Co. reported that three northwest Arkansas cities—Booneville, Magazine and Midland—were without long distance service.

Congress in

Continued From Page One

throngs of spectators who usually turn out to see Congress begin a new session.

Galleries were only partly filled when Vice President Lyndon B. Johnson, promptly at noon, called the Senate to order, breaking up the handshakings and greetings going on among the returning senators.

Just 19 minutes later the Senate ended its session, adjourning as a mark of respect to the memory of Sen. Bridges.

Mansfield announced no legislation will be taken up in the Senate this week but debate will start Monday on a bill to provide tax relief for Du Pont stockholders.

Du Pont is under court order to dispose of its 63 million shares of General Motors stock.

Kennedy's outline of world conditions and his domestic proposals probably will touch off explosive partisan reaction in an election-year session likely to be steeped in controversy.

Few expect the President to be more than minimally optimistic in his report on the prospects for easing international tensions in 1962.

He is likely to bear down in his message on a request for broad authority to revise American tariffs to spur trade. Sen. Harry F. Byrd, D-Va., chairman of the Senate Finance Committee which would handle any House-passed bill to accomplish this result, said he thinks the issue may be one of the most far-reaching in his 29 years in Congress.

Kennedy's No. 1 domestic objective is to win approval of a medical care program for the elderly, financed through Social Security taxes.

Democratic National Chairman John Bailey has tabbed this as his party's principal issue in this year's elections in which 37 Senate and all House seats will be filled.

There remains doubt that Kennedy aides can muster the votes in the Ways and Means Committee to get this program to the House floor. Byrd has announced he will oppose it.

In a budget message scheduled for Jan. 18, Kennedy is expected to propose spending topping \$92 billion in the fiscal year beginning July 1. Balancing of this would be dependent on increased revenues and congressional action to boost postal rates.

Because spending has now reached high levels, Kennedy has asked for action to increase the \$288-billion debt limit. Byrd predicted the deficit for the current year may reach \$10 billion instead of the administration's \$8.9 billion estimate.

Republicans expect to make a key political issue of budget balancing. They hope their informal coalition with Southern Democratic conservatives will operate to defeat the Social Security medical plan.

Senate Minority Leader Everett M. Dirksen of Illinois said he has yet to confer with House Minority Leader Charles A. Halleck of Indiana to decide whether there will be a Republican statement of principles designed to offset Kennedy's position on national issues.

In pre-session conferences with leaders of both parties, Kennedy has not mentioned his federal aid to education proposals which became ensnared last year in controversy over help for parochial and private schools.

The administration has given clear indication that it will not seek legislation in the civil rights field. While this may placate Southerners, much will be heard about it from civil rights advocates.

In the foreign field, there is trouble ahead for Kennedy's ex-

Thinks Job Situation to Improve

By HARRY KELLY

WASHINGTON (AP) — Secretary of Labor Arthur J. Goldberg feels that the tight job situation will substantially improve in the months ahead.

But he told a news conference Tuesday that the heavy unemployment rolls undoubtedly have discouraged a lot of people—particularly women and older workers—from even trying to find work.

Employment declined by 882,000 in December to 66,467,000 and unemployment increased by 100,000 to 4,091,000, he said. However, he added the changes were in line with what was to be expected in

the winter season. Goldberg went on to predict that 1962 job gains will be over and above the normal springtime improvement.

The American economy, he said is again showing its capacity for growth.

Settling off in another direction, the labor secretary called on the steel industry, its workers and customers not to break the momentum of the economic recovery with a strike or by stockpiling steel in fear of a shutdown.

He indicated that the administration will keep in close touch with steel negotiations and do everything possible to help avoid a strike and to make certain that new terms won't be disruptive to the rest of the economy. The steel contracts run out June 30.

A steel shutdown, this year would make no sense, Goldberg said. He said a strike "in a year promising substantial economic expansion would appreciably retard recovery and be detrimental to the national interest."

Goldberg said the civilian labor force registered a decline of 780,000 from November to December and stands practically unchanged from a year ago at 70.5 million.

Normally the labor force is expected to rise by about 1 million a year due to the expanding population.

Goldberg said the tight employment situation undoubtedly has discouraged many from looking for jobs, and thus they were not counted among the labor force.

Another factor, he said, was the buildup of the military forces in 1961. It took about 300,000 young men out of the civilian labor force.

pected request for authority to purchase \$100 million in U.N. bonds. The United Nations has been under bipartisan fire for its actions in the Congo.

There will be the usual efforts to cut foreign aid despite last year's authorization for a long-range program.

Fair Group to Meet, Faubus Says

LITTLE ROCK (AP) — Gov. Orval E. Faubus said today that a meeting of the state World's Fair Committee will be held as scheduled Thursday despite the adverse weather.

About 80 business and civic leaders have been invited to the Capital to discuss the possibility of Arkansas' participation in the New York World's Fair in 1963-64.

"I know some of those invited won't be able to make it because of the weather," Faubus said, "but we decided to go ahead because

pected to rise by about 1 million a year due to the expanding population.

Goldberg said the tight employment situation undoubtedly has discouraged many from looking for jobs, and thus they were not counted among the labor force.

Another factor, he said, was the buildup of the military forces in 1961. It took about 300,000 young men out of the civilian labor force.

At the peak of its 19th century golden age, Sierra Leone was called the Athens of West Africa.

the New York people need to know our decision as soon as possible."

The legislature set up machinery for Faubus to appoint a five-man commission to handle fair business if Arkansas decides to participate. Faubus said he would let the committee make their own decision.

Winthrop Rockefeller, chairman of the Arkansas Industrial Development Commission, is a key member of the committee.

"There's a general expression of opinion that Arkansas should not take part in the fair unless it can do so first class," Faubus said.

"It's estimated that would cost \$1 million or thereabouts. I don't think the people want the state to put up that much money for such a project, so I feel that more than half the funds should be raised through private subscription if we participate."

Faubus said he understood other states planned to have exhibits at the fair and some were pooling resources for a group exhibit.

"I don't think Arkansas should group with any other state, however," Faubus added.

At the peak of its 19th century golden age, Sierra Leone was called the Athens of West Africa.

SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

Wednesday, Jan. 10

The John Cain Chapter of the DAR has been postponed from Wednesday, Jan. 10 until Wednesday, Jan. 17.

Thursday, January 11

The Baker H. D. Club meeting that was scheduled for Thursday, January 11 has been postponed until a later date.

Sunday, Jan. 14

The children of Mr. and Mrs. Arthur Fuller will have Open House for them at their home on the Lewisville Road in celebration of their Golden Wedding Anniversary Sunday, Jan. 14 from 2 to 4 p.m.

Monday, Jan. 15

The annual joint meeting of the WSCS Circles and the Wesleyan Service Guilds at the First Methodist Church will be held Monday, Jan. 15. The program will begin at 7:30 p.m., and a fellowship hour will follow the meeting.

Wednesday, January 17

The Potluck Supper and congregational meeting previously announced for Wednesday evening at the Presbyterian Church has been postponed until Wednesday January 17.

Builders Bible Class Meets

The Builders Bible Class of the First Baptist Church met Monday night in the home of Mrs. Clyde Coffee with Mrs. Roy Mousen and Mrs. Opal Harvey as co-hostesses. The meeting was opened with prayer by Mrs. Charles Reynolds. Mrs. R. M. Jones presided over the short business session. Mrs. Pod Rogers gave the devotion.

The hostesses served a delicious dessert course and coffee to 13 members and one guest, Mrs. Rogers. The class enjoyed colored slides of their Christmas party shown by Mrs. Reynoldson. Members formed a circle by holding hands and were dismissed by their teacher, Mrs. Henry Haynes.

Guernsey HD Club Meets

The Guernsey HD Club met with Mrs. Dale Ravencraft Thursday, Jan. 4. Mrs. Troy Burson, president, presided and gave the devotion. The group sang after which Mrs. N. B. Coleman gave the eye opener. Mrs. Roy Fry read the minutes of the last meeting and passed out year books.

During the business meeting several announcements were made and there was a discussion on a project for the club. A demonstration was given by the food leader, "More for your food dollar."

A delicious salad, coffee and cold drinks were served to six members, Mrs. Duncan and Mrs. Smith. The next meeting will be with Mrs. Troy Burson.

Duplicate Bridge Club Meets

There was a large group, with many from out of town, at the Master Point Night of the Hope Duplicate Bridge Club on Monday Jan. 8 at the Diamond.

Those attending from Texarkana were Mr. and Mrs. W. V. Brown Jr., Mrs. M. L. Felker, Mrs. Dwight Recht, Mrs. Sidney Lee, Mrs. Floyd Bell, Hugh Martin and Dr. David Looney, Mrs. J. H. Goodgame and Sam McGill of Camden and Mrs. Wilma Steed of Pine Bluff.

North-South winners were: Mrs. Harry Hawthorne and Mrs. Marie Hendrix, first; Mrs. Felker and Mrs. Recht, second; Mrs. J. C. Broyles and Mrs. Steed, third.

Macmillan, Adenauer Plan Talks

By JOHN O. KOEHLER

BONN, Germany (AP)—British Prime Minister Harold Macmillan met with Chancellor Konrad Adenauer today and informants said they would discuss a new U.S.-British proposal for an East-West standstill agreement to take the heat off the Berlin crisis.

Macmillan and the West German chancellor opened the first of several sessions in their day-long talks with only interpreters present. Their foreign ministers and other aides were to join them for lunch and an afternoon meeting.

No agenda was set, but Macmillan and Adenauer were expected to take up the Briton's December meeting with President Kennedy in Bermuda, Britain's negotiations to enter the six-nation European Common Market, and Britain's desire that the Bonn government offset some of the \$106-million annual maintenance cost of the 51,000-man British Army of the Rhine.

British officials said Macmillan brought from his Bermuda meeting with Kennedy a tentative U.S.-British alternative should current attempts to achieve a negotiated settlement of the Berlin crisis fail.

Adenauer indicated that present attempts in Moscow by U.S. Ambassador Llewellyn Thompson to set up an East-West negotiation on Berlin are getting nowhere. This bolstered reports the Western Allies are searching for another way out of the crisis.

The reported U.S.-British alternative would have both sides accept—with or without explicit agreement—the present situation in divided Berlin, divided Germany and central Europe for the foreseeable future. Each side would agree not to resort to force and to avoid provocative actions in the two parts of Berlin.

The inducement for such an agreement would be the avoidance of another world war and possible nuclear disaster, otherwise considered a fearfully real possibility.

Informants in London stressed that the U.S.-British alternative would be aimed at preserving things more or less as they are, even if the Soviet Union goes ahead with its announced intention of signing a separate peace treaty with Communist East Germany.

Congo Wants Red Leader for Trial

By PETER GROSE

LEOPOLDVILLE, the Congo (AP)—Antoine Gizenga's political party today disclaimed his leadership as moderate forces converged for a showdown to oust Gizenga from an active role in the Congolese government.

Patrice Lumumba, vice president of Gizenga's African Solidarity party, announced that Gizenga is no longer president of the party. Kimway's announcement followed a resolution by Parliament Monday demanding that Gizenga—a deputy premier backed by the Communist bloc—return from self-imposed exile in Stanleyville to answer parliamentary accusations of secessionism.

The vote indicated clearly that disenchantment is growing among those leftists who once supported Gizenga as the legal head of the Congolese government after Patrice Lumumba's death.

If Gizenga fails to return, observers felt action might be started to oust him from the post of deputy premier he accepted last August in the central government of Premier Cyrille Adoula.

Gizenga has secluded himself in Stanleyville for months. Reports from that northeast Congo city indicate he has lost much of his local and even foreign support.

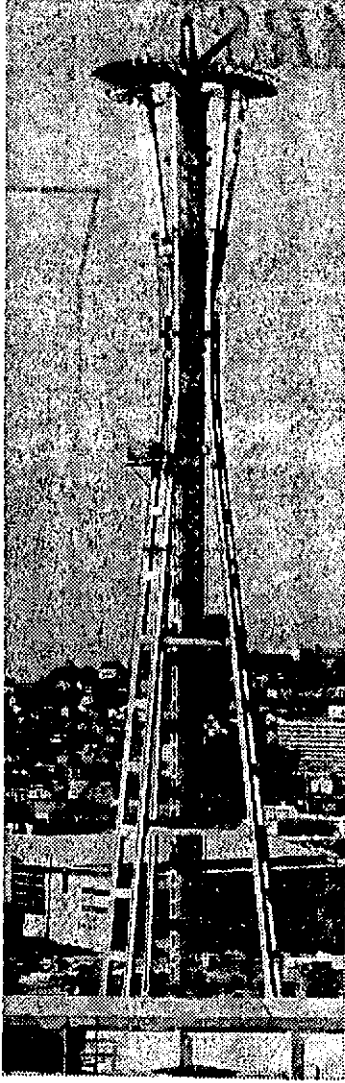

In a resolution approved Monday by a vote of 66-10 with 7 abstentions, the central Congolese Parliament gave Gizenga 48 hours after notification by Premier Cyrille Adoula's government to reach Leopoldville.

During the heated debate, deputies accused Gizenga of secessionist activities in Stanleyville and refusing government demands to return here and take up his post. The resolution was introduced by a member of Gizenga's own party, which obviously misses his leadership in the capital.

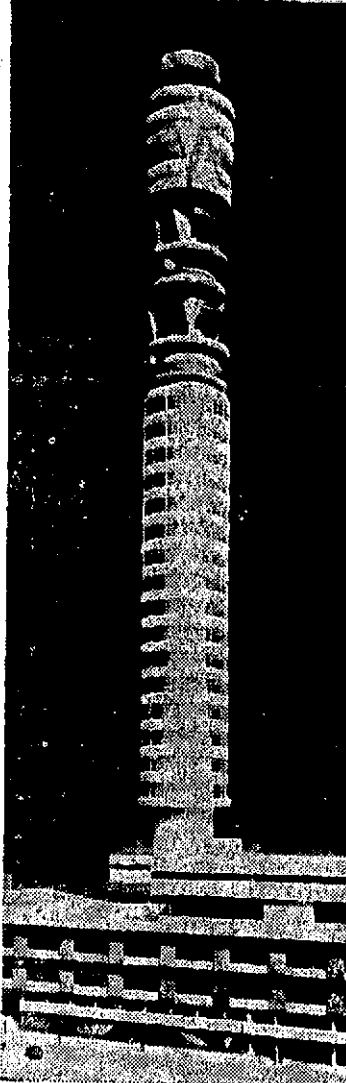

As the self-proclaimed political heir to slain Premier Patrice Lumumba, Gizenga was recognized for months by the Communist bloc and some neutralists as the Congo's legal premier. After Parliament met last summer and confirmed Adoula as premier, Gizenga's leftist supporters gradually deserted him.

AP correspondent Peter Grose, on a visit to Stanleyville, reported Monday that the Communist influences that once worked on Gizenga are largely absent. The last Communist diplomat, a Yugoslav, has left.

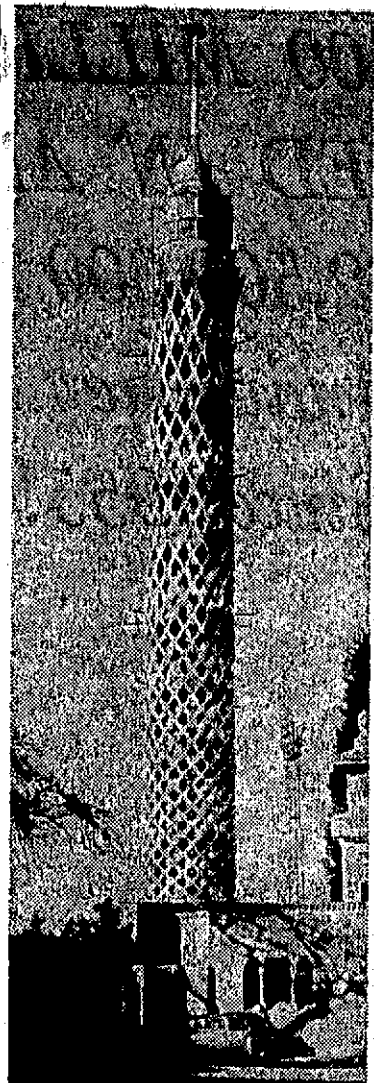

DINING OUT REACHES NEW HEIGHTS

In Seattle . . .

. . . for London . . .

. . . in Cairo . . .

. . . in Frankfurt.

Seattle's Century 21 Exposition will revolve around—or, more properly, visitors will revolve within—a restaurant at the 500-foot level of its 600-foot "Space Needle" focal point for exposition, opening in April. High-style dining while the restaurant revolves for a 360-degree view of the surroundings is now available in four cities world-wide, with London and Seattle soon to join the list. From left: • Seattle's "Space Needle," which will have an observation gallery and beacon above the restaurant. • London's soon-to-be tallest building, with a revolving restaurant near its 500-foot apex. • Cairo boasts a 600-foot tower. Revolving restaurant at the top offers a view of the Pyramids and other landmarks. • Frankfurt, West Germany, has its Henninger Tower atop a brewer's site, featuring a revolving restaurant. Not shown: Honolulu's "La Ronde," 23 stories up and the first of the high-up dining spots in the United States; Florian Tower's 450-foot-high restaurant in Westfalen Park, Dortmund, Germany.

DOROTHY DIX

Sulking Husband Distresses Wife

BY HELEN WORDEN ERSKINE

Q: Is there any cure for a man who sulks? Every time the least little thing displeases my husband he stalks around like a moody bear; morose, silent and sulky. If life doesn't go his way (and whose life does?) the air is blue with cussing.

As a result our little boy and I live in a state of perpetual jitters. Have other women a problem like mine, and if so, is there a solution?

Let those about to marry take warning. Don't let love blind you. Know your man and his relatives. Look before you leap. —J.C. Perplexed.

Dear J.C.: Your husband sulks because he doesn't know how to express his feelings. Words are steam valves. Lacking them, he is emotionally insecure. Trite though it sounds, what he needs is a course in public speaking. Encourage him to join one. Look up the best school in your city, find out when a new class is forming and go with him the first night. Visitors are welcome. The larger the audience, the better for the students. You may feel moved to sign up yourself. Such a course releases pent-up inhibitions and leads to fuller understanding between people in general and families in particular.

Dear Helen: I am a high school senior but, after half a term, still lack a class ring. My father lent me the money for one. I spent it instead. Now, I'm driving the school bus and earning \$27 a month, in an effort to repay him and buy the ring myself. It's slow work. My first two pay checks went to the substitute driver because I am on the football team and had to play those days. Can you see any way out of my problem? —Thinker

Dear Thinker: One thing is for sure, you'll never repay your father and buy that class ring on your school bus driver's pay. Create an extra job for yourself. Do you know anything about the mechanics of a car? If not, sign up for such a course and put your new found knowledge to practice by offering to keep the bus in first rate running order for a specified figure. You did wrong in squandering the borrowed money, doubly so because your father loaned it for a given purpose.

puzzled by Gizenga's position. Grose reported Gizenga rarely appears in public and the local newspaper, a pro-Lumumba organ, seldom mentions him any more.

Gizenga had hoped to use the secession of President Moise Tshombe's Katanga Province as a lever to overthrow the central government and to declare himself the only leader capable of unifying the Congo under Lumumba's old program. The Adoula government, with the support of the United States and the military aid of the United Nations, stole much of Gizenga's thunder by taking steps toward bringing Katanga back into the fold.

Here's hoping you've learned your lesson.

Dear Helen: I am very much in love with a man of 25 who is in the Marines. I am 21. I don't date anyone else, but he doesn't want to get married until he comes out of service, a year from now. I know his family, and though I see them frequently, they never say anything about their son's intention. Am I doing wrong in waiting for him? —Marineless

Dear Marineless: Since you love the young man, you wouldn't be happy dating anyone else right now, and the thing to do is wait. He is showing a practical, sensible nature in wanting to postpone matrimony until his service is up. Your marriage will have a much sounder foundation than if you married while he's in service.

Send your problem to Helen Worden Erskine, care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflet available. Write for "Be Tactful."

Poultry Control Is Discussed

WASHINGTON (AP)—The pros and cons of proposed federal regulation of the turkey and broiler industries will be brought out at a convention of the Southeastern Poultry and Egg Association at Atlanta, Ga., Jan. 29-31.

Among those who will address the meeting are Assistant Secretary of Agriculture James T. Ralph, an enthusiastic supporter of federal marketing orders to regulate supplies in the poultry industry, and President Charles B. Shuman of the American Farm Bureau Federation, one of the leading foes of controls.

\$971,227 in Commodities

LITTLE ROCK (AP)—The state Welfare Department distributed 4,160,781 pounds of surplus commodities worth \$971,227 to 204,550 persons in December.

In addition, according to the department's monthly report, commodities worth \$461,394 went to 219,806 pupils in 998 schools while 9,830 persons in 71 institutions received commodities worth \$7,885.

ANNUAL MEETING OF MEMBERS

The annual meeting of the members of Hope Federal Savings and Loan Association, Hope, Arkansas, will be held at the office of the Association at 209 South Main Street, Hope, Arkansas, at 7:00 p.m. on Wednesday, January 17, 1962. Meeting is for the purpose of electing two directors and for the transaction of any other business that may properly be considered by the members.

Fred O. Ellis, Secretary
Jan. 3, 10, 1962

No Dates for Messages

WASHINGTON (AP)—The White House announced today that two special messages will go to Congress in January, but with precise dates not specified.

They are the message on the proposed broadening of the trade agreements law to enhance President Kennedy's tariff-negotiating powers, and a farm program which has been described as containing bold new proposals.

Press secretary Pierre Salinger said Kennedy and his Cabinet in their first full-dress meeting since early November, went over the White House legislative program. Secretary of State Dean Rusk gave the Cabinet a briefing on international affairs as well.

Crosby Reportedly Much Improved

SANTA MONICA, Calif. (AP)—Crooner Bing Crosby is reportedly steadily improving following his operation for removal of kidney stones.

His physician, Dr. Frederick Schlumberger, said Crosby probably will be released from St. John's hospital within a week.

Co-op Employees in Conference

HOT SPRINGS, Ark. (AP)—Officials and employees of electric co-operatives in Arkansas, Louisiana, Oklahoma and Missouri are attending a three-day workshop here on public relations and labor relations.

The meetings began Monday. Managers and key employees are attending a three day workshop shops and directors are attending a public relations institute.

Instructors for the workshops were provided by the Washington and New York offices of the National Rural Electrification Co-operatives Association.

Sonic Booms

LITTLE ROCK (AP)—Super-sonic bombers which cause sonic booms will make at least two runs over Arkansas today, the Air Force said. Residents along a corridor 25 miles south of Blytheville to Joplin, Mo., can expect sonic booms between 7:47 p.m. and 8 p.m. A boom can be expected from 10 miles northeast of Little Rock to St. Louis between 9:02 p.m. and 9:15 p.m.

Salk Vaccine Cuts Polio Cases

LITTLE ROCK (AP)—Salk vaccine was credited with cutting the number of polio cases in Arkansas last year. But cases of infectious hepatitis and cancer increased, the state Board of Health said.

Only 31 cases of polio were reported last year, compared with 36 for 1960. Twelve of the 31 were paralytic.

Hepatitis made the greatest advance with 1,065 cases reported. Only 238 cases were reported in 1960.

Cancer cases increased from 1,126 in 1960 to 1,339 in 1961.

Dr. William L. Bunch, director of the Health Department's Division of Communicable Disease Control, said the rise in hepatitis cases resulted mostly from better diagnosis of the liver inflammation. There was only a slight rise in the number of cases, he said.

Unofficial Day Off for Many

LITTLE ROCK (AP)—Many state employees got an unofficial day off because of today's snowstorm, but Gov. Orval E. Faubus showed up for work.

The governor advised department heads, however, that they should advise employees who telephone in to stay home because of the weather.

Faubus said only essential employees should have to work today. Asked why he came out today, Faubus said he could get more work done on a day when the weather discourages visitors.

Rip Van Winkle couldn't sleep with nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Large, economy size saves money. Get Doan's Pills today!

ARKLA GAS METER PLANT. A brand new Arkansas product manufactured at a large new plant, Russellville, is being sold nationwide.

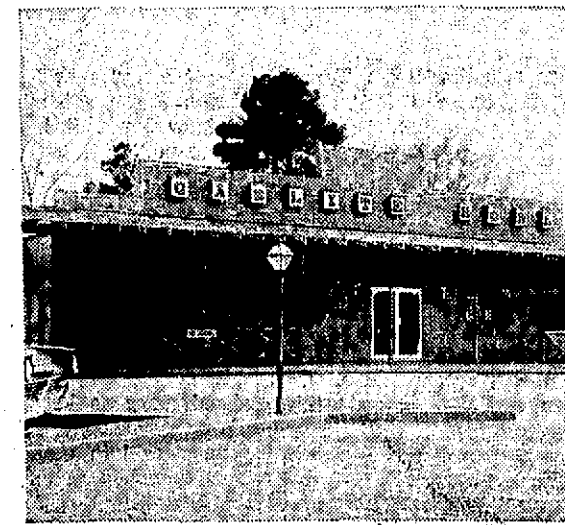

INDUSTRIAL CHEMICAL PLANT at Magnolia where butane and other liquid gas products are extracted from natural gas.

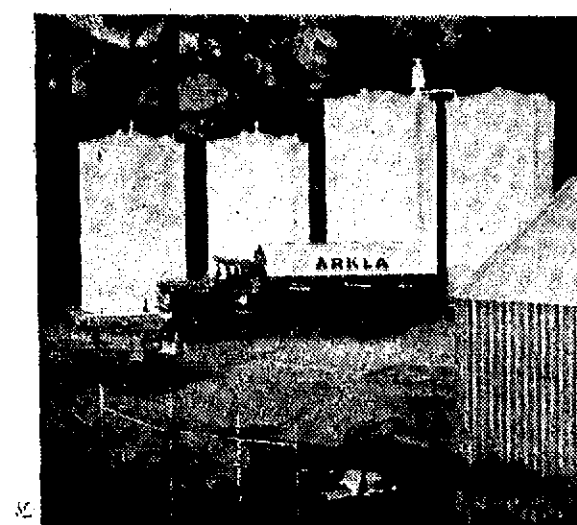

CHLORINE PLANT, Pine Bluff, where important industrial chemicals are manufactured, including chlorine and caustic soda.

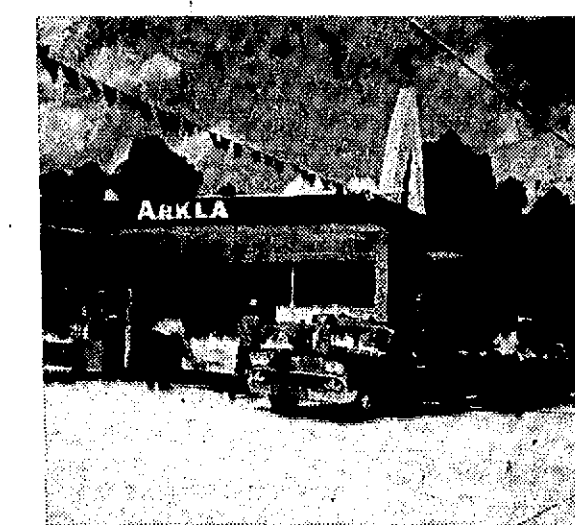

ARKLA VILLAGE. Tourist attraction at Emmet, with Chuck Wagon Cafe, Bowling alley and General Store. Buggies, furniture, harness are made here.

GASLITE BOWL, at ARKLA VILLAGE. Bowling alley is new business for Emmet and the Hope-Prentiss area, and already has been expanded.

GASOLINE BULK PLANT. A new business for Little Rock, serving a growing network of Arkla Service Centers in three states.

ARKLA SERVICE CENTERS. New, conveniently located offices for our customers and headquarters for high quality Arkla gasoline and oil.

SHANNON BUILDING, 812 Main, Little Rock. National headquarters for multi-million dollar sales of gas air conditioning, and Foreman cement.

FOREMAN CEMENT PLANT. \$7,500,000 expansion will double output of this large plant at For- man. Present capacity 1,400,000 barrels annually.

YES, VERY SERIOUS! Here's what we're doing about it:

IN THE PAST SIX YEARS Arkla Gas has created new industries and new businesses with additional annual payroll of approximately \$2,500,000 in Arkansas. We are continually growing, with approximately 4,500 employees, and an annual payroll of approximately \$19,000,000 in our company and subsidiaries. We have invested over \$100 million in Arkansas!

CEMENT, INDUSTRIAL CHEMICALS, boats, gas meters, furniture, harness, rocking chairs, toys, and even horse-drawn carriages are manufactured in Arkansas plants established by your gas company. Businesses include a pipeline construction company, and gasoline service centers in Russellville, Conway, Little Rock, Pine Bluff and El Dorado, with another center now under construction at Texarkana. A new meter repair shop will be in operation soon at Sheridan.

NATURAL GAS SERVICE has been brought for the first time to 62 communities, serving 44,000 customers, since 1955. Assuring better gas service

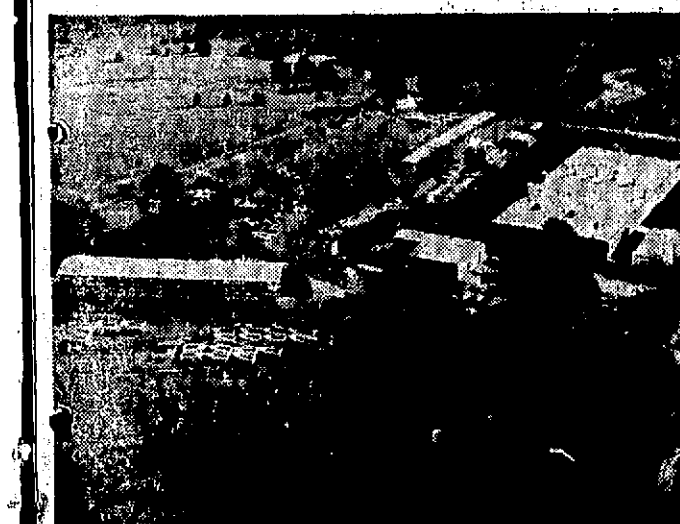

for industry and homes are two huge pipelines built at a cost of \$14,000,000.

ASSURING LONG TIME SUPPLY of natural gas, the company has entered a 20-year agreement to purchase all natural gas produced by Gulf Oil Corp. in the rapidly developing Arkansas area in western Arkansas. This gas is dedicated to use by Arkansas industries and homes. The huge supply is an extra inducement to attract new industries to our state. It also benefits land owners through royalty payments, and provides the state with additional taxes from gas and oil.

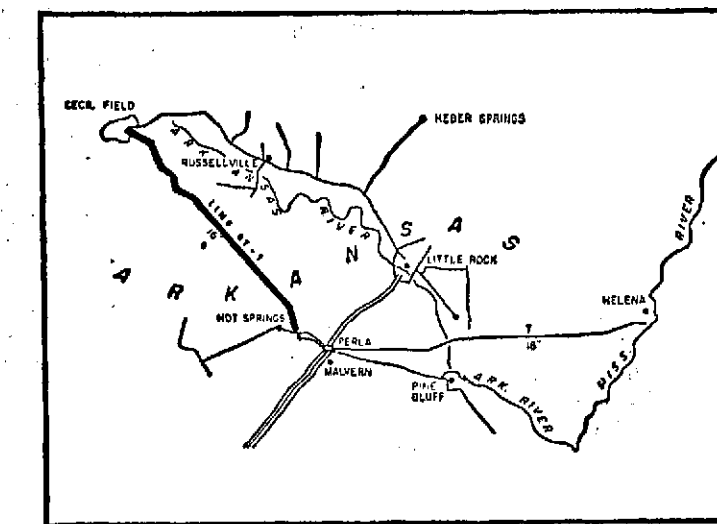

WE ARE PROUD to have had a share in bringing about this industrial growth of Arkansas, the state where most of our customers live.

THE PROGRESS we have made in this endeavor would not have been possible, however, without the faith of the people of Arkansas. Thank you.

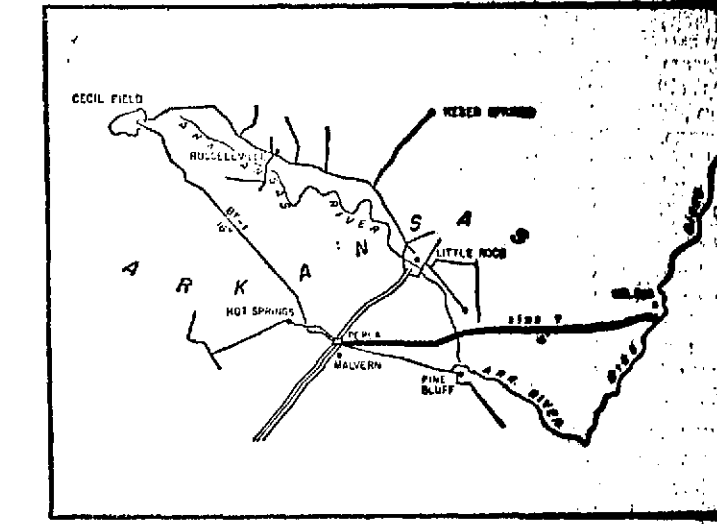

WE WILL CONTINUE to help build Arkansas.

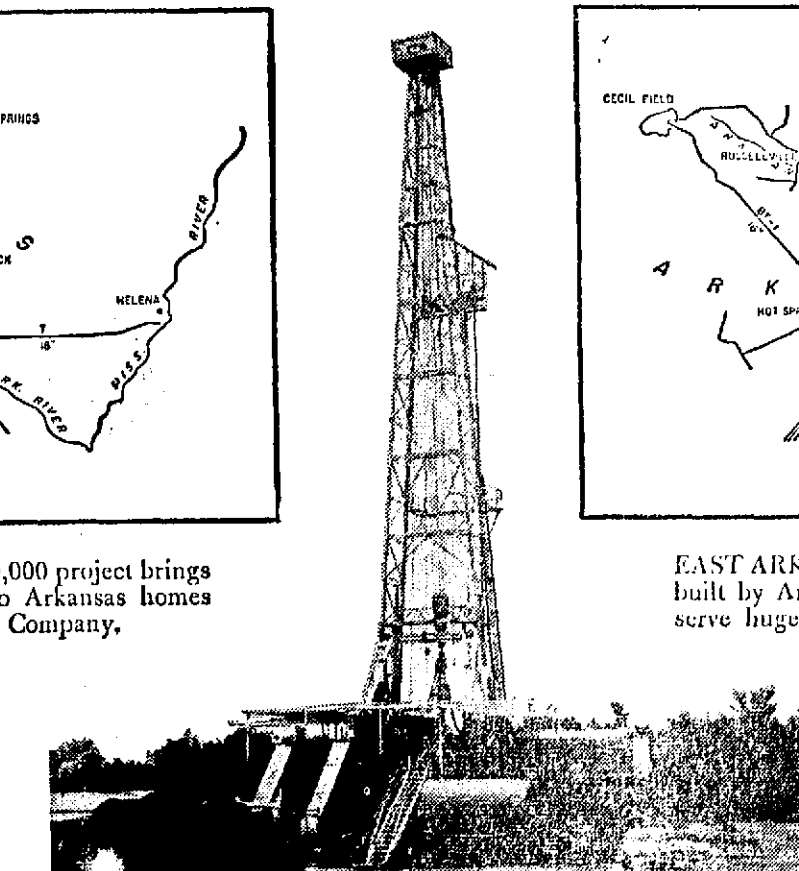

RAZORBACK BOAT PLANT. Popular Razorback Fiberglass boats, seen on every lake in Arkansas, are made at this modern new plant in Maize.

HUGE NEW PIPELINE. \$5,000,000 project brings western Arkansas Valley gas to Arkansas homes and industry. Built by your Gas Company.

EAST ARKANSAS PIPELINE. \$9,000,000 Line built by Arkansas Industrial Pipeline Corp. to serve huge generating plant, homes, industry.

Arkla's Exploration and Production Division is active in 4 states, adding substantially to "home-owned" gas for our customers.

ARKANSAS LOUISIANA GAS CO.

We Sell More Gas at Retail, Cheaper than any other Gas Distribution Company.

CLARKSVILLE, Ind. (AP) - Clarksville high school remained closed today as investigators checked on the second bomb threat in a week.

The school's 950 pupils were sent home Monday after a threatening note was received. The note indicated a bomb had been placed in the school.

Firemen, city and state police and FBI agents went through the building, but all they found was a wooden box containing a wrist watch. The watch had stopped.

A demolition team from Ft. Knox, Ky., was called after the box was discovered in a boys' washroom.

The school received a bomb threat by telephone about 11 a.m. last Thursday, and pupils were sent home then. A search turned up no explosives.

A similar threat was telephoned to the Indiana University extension center in neighboring Jeffersonville at 1 p.m. Thursday. No evidence of a bomb was found there.

Officials described the telephone voices as "mature, adult male."

Financier Shot by His Wife

WASHINGTON (AP) - Robert J. Portner, an electronics firm executive, was shot and seriously wounded today in the climax to a quarrel with his wife Sylvia Gould Portner, a great-granddaughter of financier J.P. Gould.

Mrs. Portner, who inherited a part of the Gould millions, was charged with assault with a dangerous weapon - a .38-caliber revolver - and held by police at the Women's Bureau pending a hearing.

Highlights of the New Congress

By THE ASSOCIATED PRESS

WASHINGTON (AP) - Here's a rundown on the second session of the 87th Congress convening at noon today:

Expected Big Issues

President Kennedy's proposal for sweeping power to cut tariffs in dealing with the European Common Market.

Medical care for the aged under Social Security.

Proposed purchase of \$100 million in U.N. bonds, mostly to help finance U.N. operations in Congo. Tax revision to encourage business investment and combat unemployment.

Some federal aid to education. Revision of farm programs, covering several commodities. The usual rows over spending and foreign aid.

The Line-up

Democrats have big majorities in both Houses, but Republican Southern Democratic coalition is set to give Kennedy trouble.

The party breakdown: Senate - 64 Democrats, 36 Republicans. House - 258 Democrats, 174 Republicans; 5 vacant seats, formerly held by Democrats.

The Leadership

House - Rep. John W. McCormack, D-Mass., tapped for speaker, succeeding the late Sam Rayburn. Rep. Carl Albert, D-Okl., elected majority leader, succeeding McCormack. Rep. Charles Halleck, R-Ind., continues as minority leader.

Senate - Sen. Mike Mansfield, D-Mont., continues as majority leader, and Sen. Everett M. Dirksen, R-Ill., as minority leader. Chairman of Republican Policy Committee must be filled because of death of Sen. Styles Bridges, R-N.H. The contenders are Sens. Bourke B. Hickenlooper of Iowa and Leverett Saltonstall of Massachusetts.

Presidential Messages

State of the Union - Kennedy delivers this message in person to joint session at 12:30 p.m. Thursday.

Budget - Kennedy sends it to Congress Jan. 18. It's expected to total some \$92 billion, including about \$52 billion for military purposes.

Economic report - Kennedy sends it up Jan. 22.

Important Hearings

Senate-House Atomic Committee will hold secret sessions on how the United States and Russia compare in nuclear might, in view of Soviet atmospheric tests. Senate will investigate alleged muzzling of anti-Communist speeches by military men.

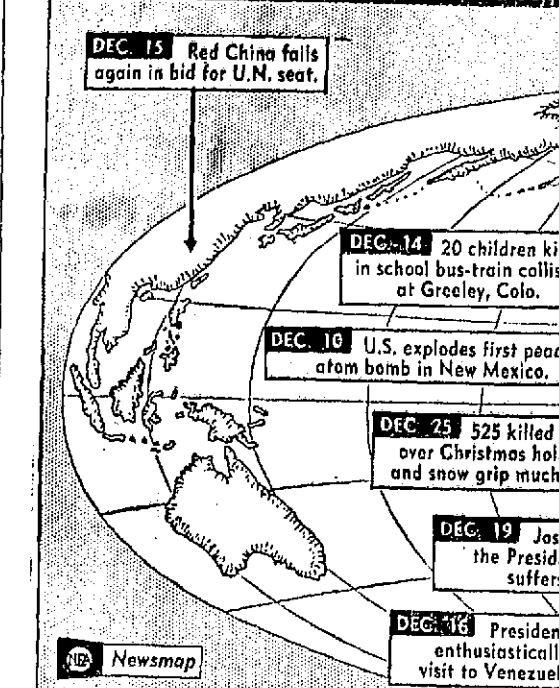

Senate continues inquiry into industry pricing practices. Senate and House committees to get briefings by State Department leaders on hot foreign policy problems.

House committee to hear witnesses on bills to tighten curbs on transportation of gambling devices.

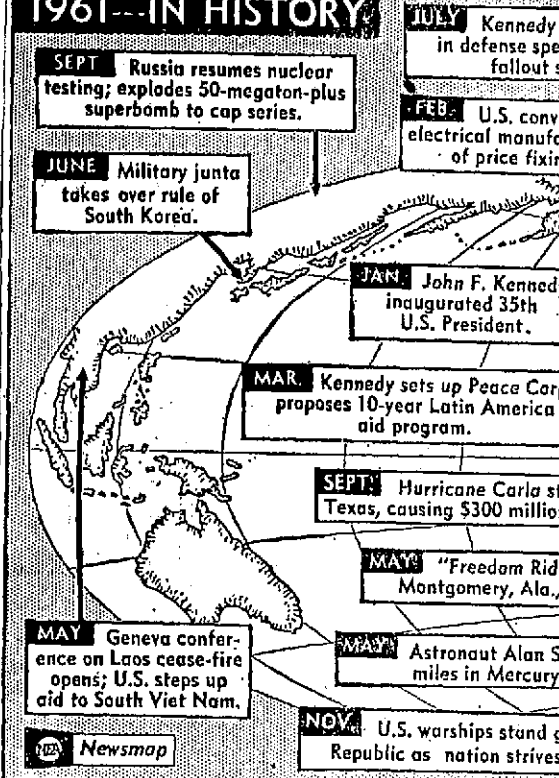

Upcoming Elections

Both parties will spar for advantage in November balloting. Being elected this year are 37 senators, 435 representatives, 34 governors.

The Road to the Snail

By WILLIAM P. MCGIVERN

THE ROAD TO THE SNAIL

By WILLIAM P. MCGIVERN

THE STORY: The American, John Martin, delivers Polly Shames' party invitation to Dennis Campbell. The idea is to distract Dennis from his road building. Working so hard is a bad example to be set by the foreign colony in the Spanish village. The Marquesa has demanded that Dennis stop his road building, but Dennis refuses to stop.

Chapter XV

The morning after Polly's party Dennis arrived at my villa while I was having breakfast. It was early, but I was leaving for Pamplona that night and had a lot to do before getting off.

He looked very fragile; his face was pale and eyes seemed feverish. The party hadn't been that strenuous, I know.

Adam Barn had been there, smashing and tearing his way down the long buffet table. He'd paused long enough to tell me he had mailed off the piece on Dennis. "Sheer tripe. Glucose. Treason." The mention of these edible items started him banging and crashing into the food again, spattering the walls with mayonnaise and olive pits and peach stones.

"I hope it gives my agent a heart attack," Polly had paired Dennis with Millie Gunn, and they seemed to get on delightfully. Dennis was suave and handsome in his dinner jacket, and Millie looked as functional as a catcher's mitt.

"They had left the party together, early."

"Stop looking roguish. She was a huge disappointment, if you must know."

"That puts you in about the smallest minority group of the century," I said.

"She let me down terribly."

"What?"

"She couldn't deliver the dump-truck, after all."

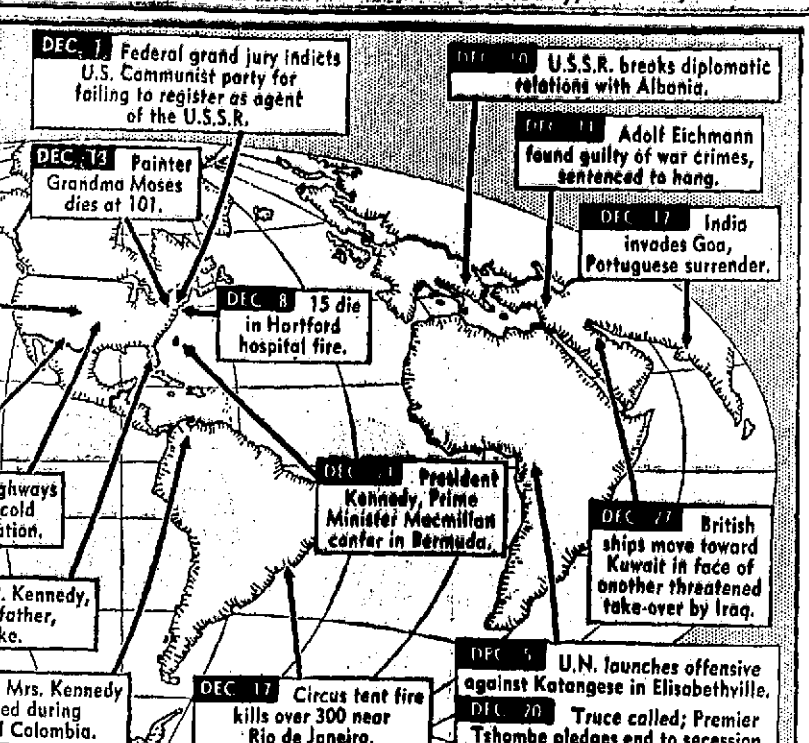

Dennis stood and began pacing the terrace. He rubbed his temples with the tips of his fingers. "It's just my usual bad luck. I'm simply cut out for failure, it seems."

"Go on about the dumptruck. I'm fascinated."

"Very well. Millie told me that she'd once been friendly with a Portuguese chap who runs some sort of construction company here in Malaga. He got tight one night. When he passed out, Millie loaded him in the back of one of his dumptrucks and drove out here to the village. Spunky girl, I must say. She raised the body of the truck and let him drop with a splash into the burro's drinking fountain."

"That caused quite a stir at the time," I said.

"Oh? You've heard about it then. She assured me she was still on good terms with the chap. I asked her if she could wangle a dump-truck from him. She didn't see why not. That's why we left

Collision Kills Four Soldiers

FT. HOOD, Tex. (AP) - A tank and a truck collided at Ft. Hood today and a resultant explosion killed four soldiers and injured 19 others, 11 seriously.

The tank belonged to the 67th Armored and the truck to the 35th Armored of the 2nd Armored Division.

"They hit at the gate of the motor pool of

Top Cage Game Developing Into a Feud

By JACK CLARY
Associated Press Sports Writer

Four members of college basketball's elite are involved tonight in games that in the past have developed into feuding, fustling and a bit of fighting.

Foremost is the Missouri Valley Conference clash between Cincinnati (11-1), ranked No. 2 in the current Associated Press poll, and the Bradley Braves (8-2), at Peoria, Ill., a meeting that has always produced dogged battles.

In the Big Eight, fifth-ranked Kansas State (10-2), is host to Kansas (5-6), Duquesne (9-1) ranked eighth, entertains tough Dayton (9-2) Bowling Green (10-1), ninth-ranked has Mid-American rival Toledo (7-4) at its court.

A Southeastern Conference contest that promised to be a wingding was postponed Tuesday night when seventh-ranked Mississippi State, one of the nation's two major unbeaten teams, was turned back by icy roads on its trek to play Alabama.

West Virginia's Mountaineers are back to their old tricks, firmly atop the Southern Conference with a 7-0 mark after beating Virginia Tech 85-81 Tuesday night behind Rod Thorn's 30 points.

Southern Methodist, behind Jan Loudermilk's 26 points, took over complete control of the Southwest Conference by whipping Arkansas on the latter's court 77-70. Rice, which had been tied with the Mustangs, lost its first league game, 85-66, at Texas Tech.

SMU's victory tossed Rice into a second place tie at 2-1 with Texas A&M, 54-52 winner at Baylor, and Texas Tech, Texas' contest at Texas Christian was postponed because of bad weather.

Marquette upset Loyola of Chicago 63-40 in Milwaukee as Len Jeffries contributed four clutch points in the closing minutes.

Butler won its fifth in a row, and handed Notre Dame its sixth straight loss 83-67 at South Bend, Ind. Jeff Blue and Jerry Williams each tallied 25 points to pace Butler. Armand Reed had 24 for the Irish, now 3-8.

Jack Thibodeau's 24 points paced Xavier of Ohio to a tight 67-65 home court victory over Canisius.

Nick Werkmann of Selon Hall continued his push toward the top of the individual scoring race with 49 points in Baltimore as the Pirates raced by Baltimore Loyola, 88-66. Loyola of New Orleans won over Oklahoma City 76-63 and Cornell came from a 16-point deficit to beat Colgate 73-70.

Penn State and Bucknell were tied 15 times before the Nittany Lions prevailed 61-50. Buffalo handed Syracuse its 18th straight defeat 68-66 and Rhode Island beat Connecticut in the Yankee Conference 70-63.

On the Pacific Coast Washington State won over Idaho 65-60.

YAWNING ABYSS

Subs Carry Game for Syracuse

PHILADELPHIA (AP)—Old man Joe Graboski, an unheralded veteran of 12 years in the National Basketball Association and Al Bianchi, another Syracuse reserve seldom in the limelight, finally had their day in court—basketball court that is.

The two, subbing for the injured Dolph Schayes and Larry Costello, focused attention on the importance of reserve strength.

Couch Alex Hannum of Syracuse had plenty of complaints for the pair after the Nats defeated Philadelphia 129-120 Tuesday night in the nightcap of a Convention Hall doubleheader.

"The reason we won," said Hannum, "was Bianchi and Graboski—and our rebounding."

The Warriors' reserve strength couldn't match the Nats. Graboski, a former Warriors' player, scored 12 points, Bianchi finished with 19 points.

In the opener of the doubleheader, Detroit whipped St. Louis 122-113 as the Hawks had a poor shooting night.

At Indianapolis, in the only other NBA action Oscar Robertson pumped in 33 points as Cincinnati turned back the Chicago Packers 113-106.

SMU Takes Lead With Victory

By THE ASSOCIATED PRESS
The Southern Methodist Mustangs took the lead in the Southwest Conference basketball race by defeating Arkansas Tuesday night as the Texas Tech Raiders were spoiling Rice's perfect loop record.

At the same time the Texas Aggies were staying in title contention by squeaking by the lowly Baylor Bears. A fourth scheduled tilt, between Texas and Texas Christian was postponed by the blizzard that swept the state.

Before Tuesday night's encounters, Southern Methodist and Rice had perfect records of 2-0.

The Mustangs' 77-70 triumph over Arkansas gives SMU a 3-0 record, while the 85-66 drubbing Rice absorbed from Tech drops the Owls to 2-1.

Tech and Texas A&M which trailed most of the evening before edging Baylor 54-52, are now also 2-1 and are tied with Rice for second spot.

Arkansas dropped the Porkers to fourth place with a 1-2 record, behind the weather-bound Texas Longhorns who are 1-1.

Baylor's loss give the Bruins sole possession of the loop cellar with a 0-3 mark. The Bruins' misfortune moved Texas Christian and its 0-2 mark into seventh place.

The Mustangs move to College Station Friday night to take on Aggies. On the same date, Rice will be host to Texas and Texas Christian entertains Arkansas. A Saturday night's game between Tech and Baylor at Lubbock closes out the week's schedule.

Attorney Is Picked in Bombing Case

LITTLE ROCK (AP)—Attorney Kenneth Coffelt of Little Rock has been retained to defend Maceo Antonio Binns Jr., whose second trial for the alleged bombing of a home here is scheduled to start Feb. 5.

Binns was convicted and sentenced to five years in prison for the Feb. 9, 1960 bombing of a house occupied by Carlotta Walls, a Negro who was attending Central High School at the time. The were no injuries.

Several months ago the conviction was reversed by the Arkansas Supreme Court because, the court said, more testimony was required on a confession made by Binns.

Binns contended the confession was made under duress. Will W. Shepherd, Binns' first trial attorney, was excused by Circuit Judge William J. Kirby after the attorney complained Binns refused to allow a defense Shepherd wanted to present.

Coffelt expressed confidence Tuesday of Binns' innocence. The attorney last year represented Emmett E. Miller who was accused of transporting dynamite with the intent to damage Philander Smith College for Negroes here. The charge was later dropped.

TV Contract Expected to Be Signed

By JACK HAND
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—Commissioner Pete Rozelle of the National Football League was expected to sign a new \$9.3-million television contract today, giving the Columbia Broadcasting System exclusive rights to all regular season games for the next two years.

The new contract, calling for \$4.65 million per year would bring each of the 14 clubs about \$320,000 after deduction of certain fees.

The contract was made possible by congressional action in late summer after a similar deal had been nullified last July by a federal judge who found it in violation of the antitrust laws. The new law permits such contracts by pro football, baseball, basketball and hockey leagues.

The NFL expected to end its three-day meetings today if a pre-season exhibition schedule can be completed.

Rozelle relayed requests of the NFL Players' Association to the owners at Tuesday's meeting. He was authorized to meet with the players for further discussions.

The players association called upon the league to ask George Halas, owner of the Chicago Bears, and George Marshall, owner of the Washington Redskins, to work in cooperation with it insofar as membership by their respective players was concerned.

None of the Bears belong to the association and only a few of the Washington players.

The players also asked that pension and health benefits apply only to association members in good standing.

Says Russia Encouraged to Rearm

BONN, Germany (AP)—The Soviet Union claims former President Dwight D. Eisenhower told Soviet Premier Khrushchev that West Germany was encouraged to rearm in order to trim its power to compete in world trade.

A West German Foreign Ministry spokesman said today the government considers the story is without the slightest foundation and is a propaganda device.

He said no reassurance on the point would be sought either from the U.S. government or Eisenhower because "it's not worth sending a note over."

The Soviet assertion was made in its memorandum of Dec. 27 to West Germany proposing separate negotiations with West Germany on Berlin and other problems still holding out the prospect of a great boom in West German trade with Soviet bloc countries. The memorandum has been described here and in Washington as an effort to split West Germany from its allies.

Weather Blamed for Collision

FT. HOOD, Tex. (AP)—Military authorities say paralyzing winter weather was a factor in a collision of an Army tank and truck at this army base Tuesday. Five soldiers were killed and 22 others were injured.

Three of the injured were burned seriously when the trucks 70-gallon gasoline tank exploded. The M48 tank and the truck, loaded with soldiers, crashed head on in early dawn while bound for training areas.

Arizona May Be Further Penalized

By DON WEISS
Associated Press Sports Writer

CHICAGO (AP)—Arizona's probationary period may be extended and toughened today at the 56th NCAA convention.

NCAA Executive Director Walter Byers would confirm only that a representative of the school would appear before the powerful NCAA Council.

Speculation was lively that Arizona's one-year term, imposed a year ago for football recruiting violations, may not be terminated as scheduled.

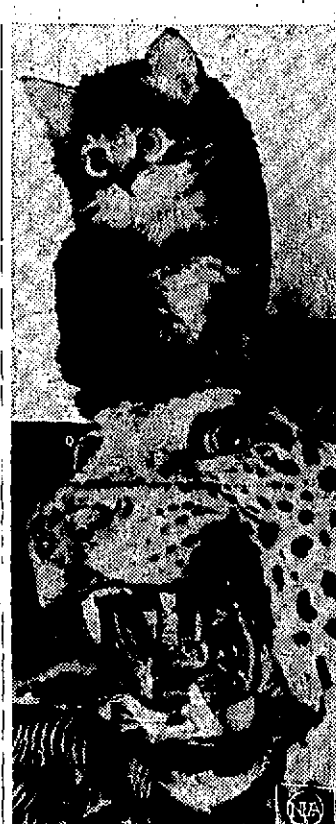

Bill Orwig, Indiana's athletic director, also will appear at the closed session. Indiana was placed on NCAA probation for four years on April 27, 1960, also for football recruiting violations.

The Big Ten, which had taken similar action, restored the Hoosiers to good standing last spring and Indiana has appealed to the NCAA for a review of its penalty.

When Arizona was placed on probation a year ago, the NCAA limited it to one year without additional sanctions because, Byers said, "of the corrective program undertaken by the university and its promise to take disciplinary action against the parties involved."

One assistant coach who was involved in the censured recruiting, Ron Marciniak, was subsequently returned when his contract was due to expire. Another coach cited in the probationary report, Van Howe, resigned.

Both North Carolina and Loyola of New Orleans were restored to good graces Tuesday after a year in the doghouse for basketball violations.

HE'S MY COUSIN—Charlie couldn't be less concerned with the ferocious snarl of the stuffed leopard in the home in London, England, where the kitten lives.

Murder Charged

LITTLE ROCK (AP)—Tennie Norman, 59, a College Station Negro, was formally charged with second degree murder Tuesday in the fatal shooting Sunday of John Aaron Phillips, 73, Negro. The partially blind Negro was held in lieu of \$1,500 bond.

More Sonic Booms

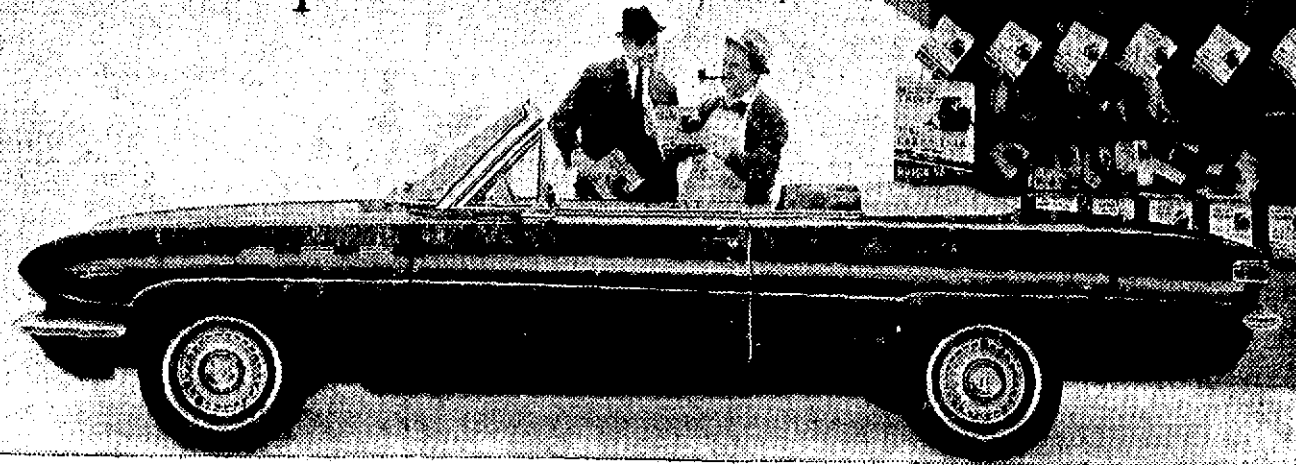

LITTLE ROCK (AP)—The Air Force says sonic booms can be expected along the aerial corridor from Little Rock to St. Louis today between 9:45 and 10 p.m.

juries run in cycles. He said, nevertheless, that thorough consideration was being given to possible changes in equipment blamed in some quarters for many of the 37 football deaths last season.

Motor Trend magazine makes it official:

1962 car of the year! The Motor Trend editors elected Buick Special. And you'll agree, this one's a winner in any man's league. One of the big reasons? The Special's Fireball V-6 (V for Vroom—6 for savings). Come guest-drive the "Car of the Year" at your Buick dealer's today.
